TRONCHETTI E BARILOTTI STUB ENDS AND EXTENSION SCREW

I tronchetti, barilotti e scorrevoli sono eseguiti con le seguenti caratteristiche:

- tubo laminato a caldo secondo normativa UNI 3824-68 serie normale corrispondente norma internazionale **ISO R 65**
- normalmente eseguito per tubazioni a tenuta sul filetto a norme **UNI 339 - ISO 7**
- a richiesta si eseguono con filettatura cilindrica per tubazioni non a tenuta sul filetto **ISO 228**
- la zincatura è solo a fuoco.

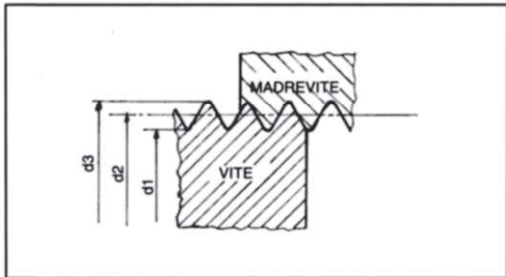

Oltre alle misure indicate in tabella si eseguono, a richiesta, qualsiasi dimensione e lunghezza.

Filettatura gas conica UNI 339 - ISO 7 - DIN 2999 per tubaz. a tenuta sul filetto
